

2017 ANNUAL CONFERENCE

Friday, March 17, 2017

Hilton Hartford

Lee Woodruff

Best selling author, CBS This Morning contributor and wife to brain injury survivor Bob Woodruff will put a face on the serious issue of traumatic brain injury among returning Iraq war veterans, as well as the millions of Americans living with brain injury.

Barry Willer, PhD

Director of Research at the University of Buffalo Concussion Clinic will speak about the physiology of concussion, including findings from the recent 5th International Consensus Conference on Concussion in Sport held in Berlin in 2016.

Kate Callahan

Singer/Songwriter, Brain Injury Survivor and CT State Troubadour will speak about the influence music has had in her journey following brain injury.

Additional Workshop Topics include:

Applying Behavioral Principles in Neurorehabilitation ; Behavioral Interventions; Substance Abuse & Brain Injury; Demystifying the Neuropsychological Evaluation; An Innovative Approach to Return to Activity Following Concussion; and Physical Issues after Brain Injury

Application for CME sponsorship has been submitted to Saint Francis Hospital and Medical Center; approval of CME credit is pending. In addition to general CEUs, professional CEU's are pending for the following: CRC (rehabilitation counselors); NASW (social workers), SLP (speech language pathologists)

Past attendees include: APRNs, athletic trainers, certified rehabilitation counselors, coaches, direct care workers, educators, neurologists, nurses, occupational therapists, physical therapists, physicians, psychologists, social workers, speech-language pathologists and state agency personnel.
